On fait demi-tour. For the next fifteen years, he believed in and defended the notion of brain death, but in the early

nineties he began to feel increasingly troubled by the concept. Helps the reader to find more information or to locate the work cited. The spontaneity. Back to the present,

one group of students discussed healthy eating, explained how nutrients are important for the functioning of the human body and even had a food stall serving salad, wraps, fruits and more... Staff and students that attended the expo, liked what they saw and thought that the ideas were well presented and a lot of effort had gone into making models for the Expo.
